

Corporate Profile

About Us

Oldora Logistics is a technology-driven logistics and fulfillment company that empowers businesses to scale with confidence. We provide end-to-end supply chain solutions — from warehousing and inventory management to domestic and international shipping — designed for both established enterprises and fast-growing startups. With a strong focus on speed, accuracy, and transparency, Oldora Logistics bridges the gap between brands and their customers, ensuring every delivery is a promise kept.

Our Vision

To become the most trusted logistics partner for businesses worldwide by combining innovation, operational excellence, and customer-first service.

Core Services

Warehousing & Fulfillment

- Nationwide fulfillment centers strategically located near demand hubs.
- Advanced inventory management with real-time visibility.
- Value-added services: kitting, labeling, barcoding, and packaging.

Domestic Shipping

- Pan-India coverage with reliable first-mile and last-mile delivery.
- SLA-driven operations ensuring timely and accurate deliveries.
- Options for express, standard, and economy shipping.

Key Differentiators

- **Tech-Enabled Operations:** Smart dashboards, real-time tracking, and automated workflows.
- **Scalable Infrastructure:** Flexible capacity to handle seasonal spikes and rapid growth.
- **Global Reach:** Expertise in international logistics with compliance-ready solutions.

How It Works

1. Send Inventory → Brands ship products to Oldora's fulfillment centers.
2. Order Sync → Orders flow in from marketplaces, websites, or retail channels.
3. Smart Processing → Orders are packed, labeled, and readied for dispatch.
4. Delivery → Domestic or international shipping with real-time tracking.

Industries We Serve

- E-commerce & D2C Brands
- Retail & FMCG
- Pharmaceuticals & Healthcare
- Electronics & Consumer Goods
- Fashion & Lifestyle

OLDORA LOGISTICS
PRIVATE LIMITED

Our Mission

To simplify logistics for businesses by offering scalable, tech-enabled solutions that reduce costs, improve efficiency, and enhance customer satisfaction.

International Shipping

- Seamless cross-border logistics to 220+ countries.
- Expertise in customs clearance and compliance.
- Flexible solutions for parcels ranging from 50g to 500kg.

Technology Integration

- API integration with leading marketplaces (Amazon, Flipkart, Shopify, etc.).
- Automated order processing and tracking.
- Customer notifications for complete delivery transparency.

Cargo & B2B Logistics

- Bulk shipment solutions for distributors and institutional clients.
- Freight forwarding and cargo management with optimized routes.

- **Customer-Centric Approach:** Tailored solutions for every business model — D2C, B2B, or omnichannel.
- **Reliability & Accuracy:** Structured processes that minimize errors and maximize efficiency.
